This particular quiz is a lark through the car logos of the past, and a fun exercise in matching past logos to a well-known brand. It contains a lot of great hitters in the automotive industry who all have iconic logos that wouldn't be in place in our best roundup logos, so it's easy to assume you'll break this quiz. But if previous logo memory problems have taught us anything, it's that it's not always easy to mention specific components of the brand logo - even when you've seen it hundreds of times before. Also, who should say that the current logo looks like the original? Call all the clues available for brand development (Image credit: David Spence on Drive Tribe)Car specialist Dave Spence has created a quiz that consists of images of original logo designs with empty word marks. Consequently, to draw up a response on the basis of a form style and color should be easy, right? In some cases it's the wind, but other logos are so transformed that it's not as easy as you think. In fact, there is one in the which may also contain a wordmark, as even this has no resemblance to the current trademark. Does this logo look like something similar to the current version? (Image credit: David Spence on The Drive Tribe) Volkswagen has one of the most well-documented logos in the design industry, with its previous incarnation subject to strict trademark rules that were neglected by the digital age in its newest update. So one is not that difficult. But while other car brands have at our choice of the top 7 car logos, you may not be so familiar with their history making for more testing, well... Test.
